### **Other Information:**

Although not essential, a hire car will provide many more opportunities to enjoy your stay. If needed however, you can be met at Faro airport and driven to your apartment. There is a charge for this service and it is limited to four people without golf clubs.

It is sometimes cheaper to fly to Lisbon and travel to the Algarve in a hire car, by bus or by the fast train. By car the journey takes about 3 hours and there are road tolls. Bus and train services are regular.

### **Pricing:**

Alvor Holidays believe in offering a fair price. We find that this encourages regular visitors, who come again and again to holiday in their favourite apartment. Understandably, prices vary according to the season, but the pricing we offer for each holiday apartment gives exceptional value for money, better than most other holiday apartments in the area.

# Welcome to Alvor Holidays

Situated In Alvor, a small town in the Portuguese Algarve, these apartments are extremely well presented and maintained offering comfortable and pleasant accommodation for your visit.

Alvor is located to the west of Portimão, about 60km from Faro airport. It is a small fishing village that has expanded well with the number of tourists that wish to visit it. Well served with many restaurants, cafes, pubs and shops it offers different atmospheres for different people and it is easy to see it's attractions. Many local places are open all year round, making winter breaks as enjoyable as the summer season.

In general, the Algarve has a mild climate, good beaches, reasonably priced cafes and restaurants, breathtaking scenery, friendly local people (many of whom speak excellent English) and a large variety of golf courses. These all combine to make a memorable and enjoyable holiday.
